Bucks County Council, Boys Scouts of America
2013 Scouting For Food Reference Sheet

Every year over 1,000 scouts and leaders collect over 100,000 pounds of food which is distributed to food banks and pantries throughout Bucks County. Together we can make sure that the families that need our help the most are the ones that receive it. Let's make this holiday season, a great one for needy families in Bucks County.

Scouting for Food bags will be available at your district round table in October and in November as well as at the Bucks County Council Service Center while supplies last.

Your unit should put out the bags when they are ready and pick them up the Saturday after they were put out.

Reporting will be done online this year. Once your unit has completed their food drive and compiled the following information, please enter your unit info.
